--- 2018 REPORT ---
We initiate social responsibility efforts through the Sun Unity program. As a team, we join together and give back to the communities in which we live and work nationwide. The Sun Unity program focuses in different areas to make the greatest impact with our resources.

**PROMOTING EDUCATION**
We’re committed to improving the lives and futures of our team through scholarships, tuition reimbursement and training programs.

**SERVING COMMUNITIES**
We promote a culture of giving back to the community through service by encouraging and organizing volunteers with our Unity Hours program.

**EMPOWERING DEVELOPMENT**
We engage in community improvement and development programs that align with Sun’s vision and goals.

**EXTENDING REACH**
We’re committed to providing opportunities across the geographically diverse locations in which we operate.
The Sun Unity program provides opportunities for our Team Members, our Residents and our Guests to be more active in the local and global community.

TEAM MEMBERS
We provide our team members with the opportunity to volunteer with organizations in which they have a passion to support. In 2018, Sun team members generously volunteered their time through our Unity Hours program.

Through our quarterly charity employee match program, team members contributed over $8,400 to six national charities supporting Health and Wellness, Community Development, Homelessness and the Environment.

RESIDENTS AND GUESTS
The give back spirit extends into our resorts and communities where events are coordinated for our guests and residents to get involved. Over 65 of our communities & resorts led local Sun Unity initiatives such as sending care packages to deployed service members, conducting school supply drives for under privileged children and participating in cancer fundraising events.

SUN UNITY CONTINUES TO PURSUE GOALS TO EXTEND OUR LOCAL AND GLOBAL REACH. IN 2018 WE SET OUT TO:

- Develop a giving back team member culture
- Extend Sun Unity programs into the local area where our communities and resorts operate
